					or CIS 110 (Comp Concepts)		
Elective ¹	<u>3</u>	_____	_____		Elective ¹	<u>3</u>	_____
	15					15	

¹ Electives must be at the 100-level or higher. To maximize the transferability of coursework toward the Associate degree in Logistics, it is recommended that students use these elective credits to prepare for the Written Communications and Math courses required for this degree. If registering for the first time in English or Mathematics, students must show evidence of appropriate placement. Contact your academic advisor or UAA Advising and Testing Center for information on English and Math placement testing.

NOTE: Students must achieve a grade of “C” or better in all courses required for this certificate.

This is a suggested sequence for taking courses and is not intended to take the place of program requirements listed in the current UAA Catalog.
